LARGE CROWD AT

BOUSE, Dec. 22. — There was a good crowd at the Christmas dance and barbecue in spite of the rain that fell almost continuously Sunday and Monday. A number of cars were expected from Parker, Quartzsite and the Bill Williams country, but could not get here on account of the wet weather. The beef and coffee were good, and a great deal of the credit for their tastiness is due to Oliver Johnston, who was in charge of the cooking.

A party of engineers, working on

A party of engineers, working on the Lotus Valley irrigation project, is here this week doing some survey work in the vicinity of Osborne Pass. The work is in charge of Robert H. Williams.

The entertainment given at the schoolhouse last Saturday night was well attended, and an enjoyable program was rendered by the school children. A vote of thanks was extended to Mrs. William Matthews, superintendent of the Sunday school, who furnished the treat for the children.

Donald Williams is home this week from Phoenix, where he is attending college.

junior college.

Mrs. H. O. Zehring has returned from Los Angeles and is entertaining her mother, Mrs. Kate Eagle, who is visiting her for a few weeks.

Jeff Horricks and Joe Philips are here on an engineering trip this week. Riley Johnston is in Parker this

Miss Edith Williams is visiting Mr. and Mrs. Robert H. Williams during the Christmas holidays. Miss Williams is a member of the faculty of Phoenix high school.

Ralph Johnston is here this week with his parents, Mr. and Mrs. Riley Johnston. He is attending school in Buckeye, where his grandparents have their home.

Joe Johnson and C. L. Marwda of Quartzsite were here on business

Important Crops Show Decrease In Final Estimates

[Republican A. P. Leased Wire] WASHINGTON, Dec. 30.—Important farm crops of the United States this year were valued at \$5,675,877,000 yesterday by department of agriculture in its final estimates for 1921. That is almost \$3,400,000,000 less than last year's crops were worth, and \$8,000,000,000 less than the crops of two years ago, when high prices prevailed for farm products. The values are based on prices paid to farmers Dec. 1, and the crops comprise about 90 per cent of the value of all farm crops.

There were only two billion dellars. That is almost \$3,400,000,000 less than

There were only two billion dollar crops this year—corn and hay—while last year four crops were valued at a billion dollars or more. Production was below last year for almost every crop, although the acreage of the important crops was slightly larger, ex-
